

Ultimate Base

Guarantee: 5 Year

Base: Deep Profile Steel Base with Satin Finish
Legs (Castors Extra)

Avante

A MATTRESS OF PURE LUXURY

The Ultimate Base is Avante Australia's Superior support system for all mattresses. Constructed using heavy duty powder coated steel, the 4mm mesh and thick walled frame and legs make this suitable for home or commercial applications. Most timber bases come with widely spaced slats covered in cardboard or felt pad which over time will not properly support a mattress. Our unique collapsible design saves on storage space and only takes minutes to put together. Comes in a choice of 3 colours, Charcoal, Brown or Pearl.

*Available in the following sizes:
Single, Long Single, King Single, Double, Queen, King*
